NX26

Stereo Headphones with Mic

The high-performance NoiseHush NX26 features neodymium magnet drivers and advanced engineering to deliver deeper bass, lower distortion, and wider dynamic range. The rugged, lightweight headphones offer comfortable listening for hours on end and can be used for both mobile sources and home (mini) hi-fi systems. The in-line microphone of NX26 is acoustically tuned to filter out external noise, ensuring that callers hear clearly even in the noisiest situations. With its control button, you can conveniently switch between phone calls and your favorite music. *Crank it UP!*
